INTER-PARLIAMENTARY GROUP

May 22, 2018

The Honorable Jared Huffman  
1406 Longworth House Office Building  
Washington, D.C. 20515

Dear Congressman Huffman,

I would like to thank you for your interest in Arctic issues. As the sole Representative in the House for All Alaska and the only Member of Congress to call a town above the Arctic Circle home, you should know the Arctic is near and dear to my heart. You should also know that Alaska is what makes America an Arctic Nation. Without Alaska, this country would have no claim to sit on the Arctic Council, would lose access Arctic resources, and would have a diminished strategic standing in international affairs.

Because of your keen interest in the Arctic, I would like to personally invite you to visit ANWR and see the 1002 region for yourself. I believe it is important that you speak with Alaska Natives who live there to hear how they view the development of the 1002. Certain lobbying interests have spent a lot of time and money trying to paint a picture of Alaska Natives united against development, but that is not the reality within the State.

I would also encourage you to join the Arctic Working Group, if you haven't already. As co-chairman, I believe this group is critical to furthering our Arctic interests within Congress.

Sincerely,

DON YOUNG  
Congressman for All Alaska
